Little Leadership is an excellent class designed for children who may feel a bit shy and need a supportive environment to learn how to shine. It is also a great choice for kids who love the spotlight! Our unique "learn as you lead" classroom approach helps kids quickly overcome insecurities and shyness, while confidently expressing themselves in front of their peers.

During the class, children will be gently coached on various skills, including vocal projection, eye contact, and speaking with enthusiasm, helping them develop into confident little leaders. The class is centered around imaginary topics, allowing children to share their creative ideas in front of an excited and supportive peer audience. Some of the essential skills that children will learn include confident self-expression, idea articulation, confident body language, eye contact, public speaking skills, self-confidence, speaking on one's feet, being in a leadership role, and lengthening speaking time. We hope you can join us!
